  - Schedule Variance: 0 Days
  - Percent complete : **35%**
- **Labor:** **ON BUDGET**
  - Labor hours: 12 hours/person
- **Administration:** **COMPLETE**
  - Sponsor meeting, TA Meeting, attendance, hour log

## Summary

This week we were assigned our midterm which was each of our primary focuses for the week. At a high level we discussed the project thus far to cultivate some ideas for the midterm, and left each individual to write their own. Other than the midterm, our sponsor asked for a few deliverables by Friday afternoon ,10-30. Our sponsor asked us to deliver a full list of what shows were considered duplicates, and also the name entities associated with each show. This is our first official deliverable as he wants it to compare to his data to see where discrepancies lie.

## Work planned for this week

- Find a remote service to host the database so everyone doesn't need their own local copy of the db
- Continue CAP-52
- Complete midterm

## Work completed this week

### Midterm

The midterm was assigned and due November 1

### Host DB remotely

Royce set up the database to be hosted by his desktop and we can mongoDB allows for remote connections to his server. This allows for everyone to not replicate data downloading

### Provide sponsor with deliverables

Our sponsor aske for complete list of duplicate shows as well as name entities for each show by Friday, 10-30

Investigate Trump and fox news correlation

Our sponsor wanted us to start exploring Trump's tweets and Fox news to investigate if either lead each other in what they say

Plans for next week

- Based on the initial investigation of the tweets and news, there may be further work proposed for that by the sponsor
  - CAP-58
- Match name entities in interview to their subject type such as politician, sportsman,et

Open Issues

Deliverables and Milestones for sprint (10/6 to 10/20)
